Advantage for Dogs

Price per Unit (piece): €18.50

Everyone loves having friends and family visit, but some house guests can easily wear out their welcome.

If your pesky visitors are fleas, these tiny pests can infest both dogs, cats and invade your home all year long.

Flea bites can cause discomfort for your pet, lead to skin infections, lead to allergic skin reactions causing irritation and can even transmit other disease-causing organisms, including tapeworms.

As you can see, for the health of your pet and sanctity of your home, it is important to get rid of fleas as quickly as possible and prevent their return.

That's why Bayer Animal Health created Advantage®, a fast-working, month-long flea control for your pet.

Advantage:

Stops biting fleas in three to five minutes

Starts to kill adult fleas within an hour after application

Within 12 hours, 98-100 percent of fleas are dead

Since our launch 10 years ago, millions of pet owners have used gentle, effective Advantage to combat flea infestation.

Advantage for Dogs

Four dosage sizes: Puppies/Dogs 4Kg and under
