Artigrass

Frontline Spray

Price per Unit (piece): €17.00

FRONTLINE Spray provides long-lasting, effective control of fleas and ticks on your cat and dog:

- Kills up to 100% of existing fleas in less than 24 hours
- Continues killing fleas for an entire month or more
- Remains waterproof for 30 days, even if your dog or cat swims or is bathed
- Gentle enough for use on puppies and kittens 8 weeks of age or older

FRONTLINE Spray - Quick Elimination of Existing Flea and Tick Infestations

Recommended for:

- Severe existing flea and tick infestations
- Initial treatment of flea allergy dermatitis (FAD)
- Multi-pet households •

Often used by your veterinarian, in clinic, for quick treatment

FRONTLINE Spray can be used on puppies and kittens 8 weeks of age or older and provides a quick and effective way of eliminating large flea and tick infestations already on your animal.

FRONTLINE Spray is ideal for reducing and controlling fleas and ticks in multi-pet households.

FRONTLINE Spray is available in 3 sizes, 100mL, 250mL and 500mL
